### COURIER CARRIERS

We have had a number of comments that neighbors are receiving their couriers after events have already taken place. A lot of times there is a small window between when you receive the courier and when an event is going to happen. We need for the couriers to be delivered as soon as you can and before any events coming up. We appreciate what all of you do, but if you cannot get this done let us know. We can try to find someone to help you or take the route over for you. Thanks for all of your help.
