President's Message

Rats! We're all reading and hearing from neighbors of a pesky problem that's visiting the neighborhood. Accounts are varied, but the city seems to be on the case of the rodents in Colonial Hills. The CHCA board discussed this at our last meeting and would like to urge tolerance and neighborliness as steps are taken to address the issue. Directory Project Volunteers Sought

During June we will be making the final push to try to ensure a high degree of accuracy with our current residents' names and phone numbers prior to sending our draft Directory to the printer.

Thus, we are now asking for volunteers to confirm/investigate the names and telephone numbers of some Districts' residents. We will give you the addresses for which we believe we still need current information.

Most of this work can be done from your own home via phone calls. In selected instances we will ask you to "canvass" some of your neighbors by knocking on their doors to try to obtain this.

Also, over the last year, some of you have volunteered to help with the Directory, either via e-mail or Facebook, and we have saved your messages offering to help. Around the beginning of June, we will be getting in touch with those of you who have already volunteered.

For everyone else who now wishes to volunteer, please contact either of us, as shown below – any time/assistance you can give us will be most welcome.

Thank you, neighbors!

Jenny Kendall, Co-Chair, jkendall614@gmail.com, 614-825-4782

Will Pearce, Co-Chair, willpearce@columbus.rr.com, 614-888-8236

GARAGE SALE COMING JUNE 14th

Colonial Hills will be advertising a community-wide Garage Sale on Saturday, June 14th, sponsored by **Cynthia MacKenzie and CyMack Group**.

Participants must apply for a \$2 permit in advance so it is valid on sale day. Do so and receive a FREE sale sign, notepad and labeling stickers from CyMack!

Rachael Dorothy is coordinating a map of garage sales going on in the community on that day to be distributed at Selby Park.

Please contact Rachael at rachaeldorothy@gmail.com or 614-406-6391 if you want your house to be on the map.

More information and a permit can be found on the city's website at <http://www.worthington.org>.

Per city ordinance, signs advertising sales can only be placed on the premises and can be no larger than 4 square feet. City law also prohibits sales from extending after sunset.

Thank you to all our amazing Colonial Hills trustees!

These are the folks who deliver your Couriers and your luminaries kits, gather your membership materials and handle any number of other tasks throughout the year. Call them with your questions, extend them your thanks! A special welcome to our newest trustee, Patricia Darbarker on Park Boulevard.

What is the Franklin County Single-Family Housing Rehabilitation Program?

The Franklin County Single Family Housing Rehabilitation program helps homeowners improve their homes and increase property values.

Qualified homeowners can receive up to \$25,000 in services for repair, replacement, or installation projects such as:

- Furnace/heating systems
- Leaking or failing Roofs
- Faulty plumbing or electrical systems
- Insulation
- Siding
- Windows
- Foundations
- Health and Safety Hazards
- And more...

Call MORPC at 614.233.4171 to discuss your eligibility and home repair needs. Qualified applicants are served on a first-come, first served basis.

What are the Program Eligibility Requirements?

To qualify for assistance, homes must meet the following eligibility requirements:

- located **inside** Franklin County, but **outside** the limits of the City of Columbus
- owner-occupied for at least one year
- have a minimum of \$15,000 available equity
- current on Franklin County property taxes
- have homeowner's insurance
- home value cannot exceed \$160,000 (as valued by the Franklin County Auditor)
- cannot be on a land contract
- cannot be a mobile home or condominium
- the homeowner's annual, pre-tax, household income must be within the following guidelines:

2013 Income Guidelines	
Household Size	Annual Household Pre-tax Income at or Below
1	\$ 38,050
2	\$ 43,450
3	\$ 48,900
4	\$ 54,300
5	\$ 58,650
6	\$ 63,000
7	\$ 67,350
8	\$ 71,700

Who Oversees the program?

MORPC is a voluntary association of local governments serving central Ohio. MORPC serves as a regional voice and catalyst for sustainability and economic prosperity through our work in planning, programming and creating public policy in the areas of economic development, energy, environment, housing, transportation, and land use.

GETTING RID OF RATS

Who's winning the RAT RACE in your neighborhood?

Follow these tips to help prevent or eliminate rats in your area.

WHERE CAN RATS LIVE?

Rats can live in a variety of places including...

- Piles of debris, yard waste, lumber and abandoned cars
- Old garages and under patios and decks
- Junk furniture
- Dark, enclosed spaces such as between walls
- Holes in a building's foundation

WHAT DO RATS EAT?

Rats eat quite a few surprising items such as...

- Garbage
- Food waste in compost piles
- Bird food on the ground
- Dog manure
- Any uneaten dog food left outside
- Fruit from trees

WHAT CAN I DO TO RAT-PROOF MY HOME?

Secure Garbage

- Make sure no garbage is outside the trash container on the ground
- Have strong cans with tight fitting lids
- Keep lids on tight at all times
- Make sure garbage is hauled away every week
- Put cans out for collection the night before or morning of your scheduled pickup
- Report damaged trash cans that are not the property of private residents to the appropriate authority

Keep Your Yard Cleaned Up

- Have junk cars hauled away
- Secure abandoned buildings
- Stack building materials, lumber and fire wood at least 18 inches off the ground
- Clean up dog manure daily

If All Else Fails...

- **Traps:** Use traps made especially for rats, not mice.
- **Poison:** Rat poison can be bought at groceries and hardware stores; but read the label first!
- **Exterminate:** Property owners need to arrange extermination with a professional.

Cover Openings

- **All openings ½ inch or larger** are possible rat entryways. Repair openings with concrete, sheet metal, or hardware cloth. Materials can be purchased at a hardware store. Use hardware cloth to screen basement windows and other windows that are within three feet of the ground.
- **Basement drains** with openings less than ½ inch in diameter can be covered with hardware cloth or a drain cover.
- **Patch holes around wires and pipes.** Seal with sheet metal or concrete patching.
- To keep rats from gnawing under and around doors, **doors can be cuffed and channeled** (consult with professionals for advice). Doors should not be more than 3/8 inch from the frame.
- **Basement windows** should fit tightly and have no broken panes.
- Rats live in dark, enclosed spots where regular

cleaning may be difficult such as between walls, in crawl spaces, under porches or patio floors, in boxed-in plumbing, etc. These **dead spaces can be permanently sealed** to prevent creating a rat harborage.

Quick Tips for...

RAT PROOFING

- Close doors
- Fix broken windows
- Cover holes in doors
- Patch cracks in foundations and walls
- Cover drains
- Screen air vents

Spirit Week: Students sported their best crazy hair creations and some fun hats during Spirit Week. The kids collected 123 bottles of shampoo for the Worthington Food Pantry on crazy hair day and 128 deodorants on the day they wore sports shirts. They gave a quarter to the pantry to be allowed to wear a hat.

Big school finish at Colonial Hills Elementary

Clogging: Fifth and sixth grade students perform with the school clogging group led by music teacher and Colonial Hills resident Gretchen Wessel.

Jungle Book: The annual musical performed by the entire sixth grade class was "The Jungle Book."

Pioneer Day (p. 1): Colonial Hills third graders visit historical Worthington location every year for Pioneer Day. Gwentyth Mirosław is dressed in her pioneer girl attire, and she and classmates enjoyed games at the Orange Johnson House. Students visited St. John's Episcopal Church and its cemetery, the community's early burial ground. They also saw Jeffers Mound, an earthwork in Worthington near the Olentangy River believed to have been built by the Hopewell people.
